

Applications

Chip Counter is used to count out an entire reel or a set quantity of SMD parts. SMD CHIP counter is perfect for inventory, stock checks, intake counts, pre-kitting and more.

COU2000ADV

Features

- Applicable for all sizes of reel packing
- Counting forward and back (for double-checking)
- Easy to use, quickly sets up and changes over.
- The ergonomic design allows the operator to keep an eye on both the LCD screen and the parts.
- Designed to prevent tape dropping, the counter protects tapes from damage during counting
